 Registration: 7:30 AM & 12:30 PM

Workshop Details

Attend this special seminar to learn the essentials of OASIS C that you **NEED** to know - including how to assess the patient the correct way for the most accurate OASIS. **This workshop explains what you need to know, what you need to do and how to do it.** The most accurate OASIS means the right POC, the right outcomes and the right payment. There will be plenty of scenarios and documentation examples to set things straight. **This isn't training on what OASIS MEANS, but on HOW to complete OASIS in the context of everyday agency life.** This class will make your front line clinicians a more valuable assessment asset.

Part 2 will be a continuation of Part 1

Lisa Selman-Holman JD, BSN, RN, HCS-D, COS-C
