

G Codes and Home Care Coverage

4 part webinar series:

- **March 4-** G Codes Overview & Therapy
- **March 9-** Nursing G Codes and O&A
- **March 10-** Nursing G Codes and M&E
- **March 11-** G Codes Teaching and Training & Direct Care

G Codes Overview & Therapy (March 4, 2011, 12-1:15pm CST) will provide an overview of the G code issue including how it impacts clinical operations and billing. Your clinical and billing staff need to understand the services covered under Medicare so that they can choose the correct service provided. Also included will be the new and old G codes for therapy.

Nursing G Codes and O&A (March 9, 2011, 12-1:15pm CST) includes the G code for nursing and observation and assessment. Observation and assessment is NOT just assessment and requires action by the nurse for the care to be covered by Medicare. Part 2 will provide the information you need to ensure that nursing staff understands what documentation is required for Observation and Assessment to be covered.

Nursing G Codes and M&E (March 10, 2011, 12-1:15pm CST) includes the G code for nursing Management and Evaluation. Management and Evaluation is the least understood of the services provided under the Medicare home health benefit.

G Codes Teaching and Training & Direct Care (March 11, 2011, 12-1:15pm CST) includes the G code for Teaching and Training and the G code for direct care.

Lisa and Diane will discuss the criteria for each of the covered services and provide examples of each.

This class will provide 4.0 BMSC CEUs towards recertification for the HCS-D and 4.0 clock hours for administrators in Texas. No nursing contact hours will be awarded for this education.

Speakers: Lisa Selman-Holman and Diane Taylor

Lisa and Diane are both RNs, highly respected in the home care industry with a combined 46 years of experience in home care. They hold certifications in home care coding and OASIS C and have experience with Medicare certified agencies, private pay and hospice. Lisa has practiced law exclusively in the home care industry. She is Chair of the Home Care specialty board of the Board of Medical Specialty Coding, and a BMSC approved educator. She is the Technical Editor of the Decision Health Complete Home Health ICD-9-CM Coding Manual. She has participated on the OCCB Exam Review Task Force. Diane has vast experience educating home care professionals on coverage standards and her expertise is in operations.
