

## Pressure Ulcers

Stage and Procedure	OASIS Guidance	M1306	M1307	M1308	M1310 M1312 M1314	M1320	M1322	M1324	Coding Guidance
Stage 1	Mark as Stage 1	DNA	DNA	DNA	DNA	DNA	Number of stage 1 pressure ulcers	Stage 1 if most problematic	Code 707.0x for location and 707.21 for stage 1
Stage 2	Mark as Stage 2	x	x	Row a	DNA	Not healing	DNA	Stage 2 if most problematic	Code 707.0x for location and 707.22 for stage 2
Epithelialized Stage 1 or 2	Not applicable to any pressure ulcer data item.	DNA	DNA	DNA	DNA	DNA	DNA	DNA	Not applicable.
Stage 3	Mark as Stage 3	x	DNA	Row b	Measure if largest surface dimension	According to healing	DNA	Stage 3 if most problematic	Code 707.0x for location and 707.23 for stage 3
Stage 4	Mark as Stage 4	x	DNA	Row c	Measure if largest surface dimension	According to healing	DNA	Stage 4 if most problematic	Code 707.0x for location and 707.24 for stage 4
Closed Stage 3 pressure ulcers	Mark as Stage 3.	x	DNA	Row b	Enter 00.0 as L, W and D if all pressure ulcers are closed.	Newly epithelialized	DNA	Stage 3 if most problematic	Code 707.0x for location and 707.23 for stage 3
Closed Stage 4 pressure ulcers	Mark as Stage 4.	x	DNA	Row c	Enter 00.0 as L, W and D if all pressure ulcers are closed.	Newly epithelialized	DNA	Stage 4 if most problematic	Code 707.0x for location and 707.24 for stage 4

## Pressure Ulcers

Stage and Procedure	OASIS Guidance	M1306	M1307	M1308	M1310 M1312 M1314	M1320	M1322	M1324	Coding Guidance
Unstageable due to dressing or device	Mark as Unstageable	x	DNA	Row d1	DNA	x-Non observable	DNA	NA-not observable	Code 707.0x for location and 707.20 for unknown stage.
Unstageable due to eschar or slough	Mark as Unstageable	x	DNA	Row d2	Measure if largest surface dimension with depth as 00.0	Early partial granulation or not healing dependent on necrotic tissue	DNA	NA-not observable	Code 707.0x for location and 707.25 for unstageable
Suspected deep tissue injury not due to trauma	Mark as Unstageable	x	NA	Row d3	NA	Not healing	DNA	NA-not observable	Code 707.0x for location and 707.25 for unstageable.
Pressure ulcer undergoing skin graft	Mark pressure ulcer according to stage. Also mark surgical wound for donor site.	x	NA	According to stage prior to graft	No guidance	According to healing	DNA	According to stage prior to graft	Code 707.0x for location and 707.25 for unstageable. V58.77 may also be applicable.
Pressure ulcer with muscle flap, skin advancement flap or rotational flap	No longer a pressure ulcer. Mark as surgical wound.	NA	NA	NA	NA	NA	NA	NA	Code 707.0x for location and 707.25 for unstageable. V58.77 may also be applicable.
