FEE: \$449.00 Per Attendee

*****10% discount for 3 or more
Participants from the same
agency*****

- **ICD-10 CM Coding 2012** - an upgraded diagnostic medical coding system that, by law, must be implemented throughout the healthcare industry by October 1, 2013. This new coding system is radically different from the ICD-9-CM version currently in use.
- This program offers you comprehensive, robust training in diagnoses coding, using the ICD-10-CM coding manual.

Participants will:

- Learn detailed instructions for using the coding manuals, the coding guidelines, and accurately applying the ICD-10 coding steps.
- Renew, revive and learn the anatomy, physiology and pathophysiology needed to code more accurately in ICD-10-CM.
- Get hands-on practice coding on common home care diagnoses and scenarios.
- Prioritize diagnoses based on clinical assessment and planned intervention

You must have an ICD-10-CM Manual ([available for purchase online](#)) before attending this seminar.

Whether you are a new or expert coder, this comprehensive 2 day seminar will accelerate you to the next level of your coding career and lead you through the ICD-10-CM coding maze with more ease and accuracy.

****Continuing Education:** ICD-10-CM CODING provides 10.5 Nursing Contact Hours; 10.5 clock hours for Administrators/ Alternates & 10.5 CEs toward fulfilling the HCS-D Certification maintenance requirements; Pre-approved by AHIMA for 10.5 CEs**

You can reach us through email at Nicole@selmanholman.com.
